**VOLCANO BRIGHAM BREAKS
OUT AT THE DAMIEN CONE**

Last night's Independent says:

W. T. Brigham, the very eccentric curator of the Bishop Museum, has again traduced the good name of the late Father Damien, this time voluntarily and without any provocation or excuse. His auditors were strangers in the country, but men who had heard of the world-famous sacrifice of Father Damien and who had learned to love him for his remarkable work in the cause of humanity. They could hardly believe their own ears when they heard a man who is also noted, as the head of one of the most important museums in the Pacific, revile the memory and name of one who had won the admiration and affection of all Christendom.

The two visitors to the museum were H. and S. B. Boulton, prominent Englishmen who have been visiting the Islands for the past two weeks. They called on Monday. One of the gentlemen is a Catholic and the other a Protestant. It was while showing them through the museum that the Satanic impulse in Brigham's make-up began to assert itself and his serpent tongue began to discharge its venom. As usual, Father Damien was the object of attack. The visitors were greatly surprised, but that surprise increased to amazement when the curator followed his initiatory remarks with several minutes of bitter and false aspersions upon the character of the great priest. The story was so different from what the visitors had always heard that they were greatly exercised about it and left the place with the new idea that Father Damien was not as he had been pictured to mankind. On the same day two ladies stopping at a leading hotel were warned not to visit the museum on account of the eccentricities of the curator and his notorious mania for lying about Father Damien.

The Catholic Church in Hawaii has repeatedly protested to the trustees of the Bishop Estate against the calumnies heaped upon the name of Father Damien by the curator, but none of these protests were properly heeded. A few months ago the abuse became so persistent that a strenuous protest was filed, together with a request that Brigham be discharged from service at the museum. To this note the trustees responded with a refusal to dismiss the offending curator on the plea that his services were of such great value that they could not be spared. It was intimated, however, that an effort would be made to induce Brigham to cease his wholesale abuse of Father Damien.

The refusal of the trustees to discharge Brigham had the effect of making him feel safer in his position, and a greater volume of calumny was the result. In place of the protest of the church and the rebuke of the trustees having a staying effect, it made the curator all the more malicious and bitter and the situation became much worse instead of better. In view of the fact, the only course for the trustees is to let the trouble-maker go. He is doing more harm to the museum—an institution that has been the pride of Honolulu and the Islands for so many years—than anything against which it has yet had, or may ever have, to contend. The trustees owe it to the community, to themselves, to Bernice Pauahi Bishop and to the museum to relegate this fossilized curio to the scrap-heap of cranks and trouble-making agitators.

Varicocle Ruins the Lives of Thousands of Men.

That's what's dragging your life out. That's what is making you so tired, so listless and stupid. That's what is robbing you of your strength, your nerve force, your ambition. It is draining the very sap out of your body and will make a wreck of you in time. Cure it now before it goes too far on you.

I Guarantee a Cure

I have cured thousands after the knife had failed. Don't be cut and ruined. Let me cure you naturally. My Electric Belt works directly upon the swollen veins by a special attachment. It removes the dead blood and gives vigorous circulation. It is a certain cure.

Carson City, Nev.

DR. McLAUGHLIN—Dear Sir: I can truthfully state that I have not felt the least bit of pain since I commenced your treatment, and the varicocle is, to all appearances, cured. I think the Belt a wonder, and its convenience of application remarkable. I gladly recommend the treatment to all sufferers.

WM. DECKER, JR.

It will cure you, too. Come to me now, and it will be the happiest day of your life. If you can't call, send for my book. It will tell you if you are afflicted. Consultation free.

DR. M. G. McLAUGHLIN.

906 MARKET ST.,
Above Ellis, San Francisco.

Crying for Help

Lots of it in Honolulu But
Daily Growing
Less.

Backache is one of the first indications of kidney trouble.

It is the kidneys' first cry for help.

Heed it.

Doan's Backache Kidney Pills are what is wanted.

Are just what overworked kidneys need.

They strengthen and invigorate the kidney; help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Honolulu citizen.

Mr. Charles Comey, of Cyclomere street, this city, one of the many persons who have tried Doan's Backache Kidney Pills with great advantage, relates his experience thus: "I have been a hack driver for a number of years past and this is an occupation in which, through exposure to weather and much jumping up and down from the vehicle, one is particularly liable to kidney complaint. I suffered myself from a lame back for a long while, and in my anxiety to get rid of it tried several things which did not reach the

root of my trouble. An advertisement acquainted me with what grand work Doan's Backache Kidney Pills were doing, and I got some of them at the Hollister Drug Co.'s store. I used them and with very much profit, for they relieved my back wonderfully."

Doan's Backache Kidney Pills are for sale by all dealers or sent by mail on receipt of price, 50 cents per box, by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name Doan's and take no other.

About Our "Pennies."

A cent is a little thing, but in the aggregate it is mighty. We speak of the "copper cent," but it is not entirely copper. Its composition is 95 per cent copper, 3 per cent tin and 2 per cent zinc. That alloy is in reality bronze and the official name of the cent is "bronze." There used to be a copper cent, but an act discontinuing its coinage was passed in 1857. For seven years (1857-1864) we had a nickel cent, and up to 1857 a copper cent. No more cents are to be made by the Philadelphia mint for at least a year, unless a special order is issued by the treasury. In the last five years 3,000,000,000 "pennies" have been shipped from the mint to various parts of the country. Between July 1, 1902, and June 1, 1903, 89,600,000 bronze cents were coined. The total number of cents coined since the mints were established, in 1793, is 4,281,141,393. Coinage was suspended in 1816 and 1824.

**The Pacific Surety Company
of California**

This Company has been chartered under the laws of the State of California which provide that each stockholder shall be personally liable for all its debts and liabilities.
